

CHoPS 2018 - 9th INTERNATIONAL CONFERENCE Conveying and Handling of Particulate Solids

10-14 September 2018, at the Greenwich Maritime Campus, London

www.chops2018.org

SPONSORSHIP & EXHIBITION OPPORTUNITIES

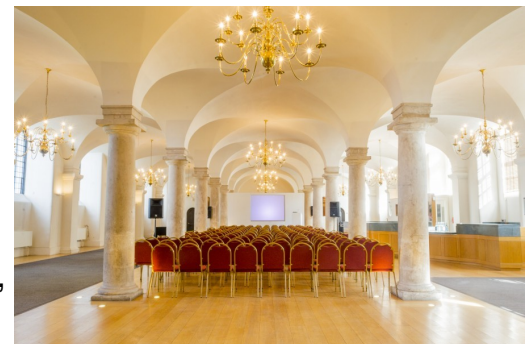

The International Conference on **Conveying and Handling of Particulate Solids** (CHoPS) is the 9th in a series, since it started in Tel-Aviv in 1994. The Conference theme is “**Fusion of science and industry: from particle contacts to bulk behaviour**”. It will focus on the emerging opportunities and challenges in solids handling technology, and the application of both these and established knowledge, in the process industries and the equipment manufacturing sector.

This is a unique forum to promote the exchange of technical and scientific information in the academic and industrial sectors in the fields of **solids flow, mechanical behaviour of bulk materials, powder testing, segregation and mixing, modelling** etc. It is also designed to foster business and collaboration opportunities around the world.

THE VENUE

The conference is at the World Heritage Site of **Greenwich Maritime**, near the heart of London.

The exhibition will take place in **The Queen Mary Undercroft** which is located beneath the Chapel. This elegant space, with its stone columns and wood flooring, was used as a dining area for over 640 Greenwich Pensioners in 18th century when the Old Royal Naval College was the Royal Hospital for Seamen.

All the lunches and poster sessions will be held in the same area, creating an effective networking space.

IT'S ALL ABOUT THE INTERACTIONS

We invite you to take advantage of **CHoPS 2018** for corporate exposure and marketing opportunities. Exhibitors can showcase services and instruments. This conference is a fantastic opportunity for the exhibitors and sponsors to **attract, influence, interact** and **network** with attendees, during poster sessions, social events and other meeting activities. Please see the packages list, to choose the best option available for you, and to support, participate and contribute to the success of this exciting event.
