

# UK Colloids 2023:

An International Colloids and Interface Science Symposium

17 -19 July 2023    Liverpool    [www.ukcolloids.com](http://www.ukcolloids.com)

## SPONSORSHIP & EXHIBITION OPPORTUNITIES

The fourth colloid science conference in this series will be held in Liverpool from 17 – 19 July 2023.

More than 300 scientists from academia and industry will attend the conference from across the globe to present and discuss innovative multidisciplinary research in the extensive field of colloid and interface science. The cross-cutting themes of the conference are: Wetting, Nanoparticles, Foams / Bubbles / Emulsions and Microemulsions, Colloidal suspensions, Programmable self-assembly, Biocolloids and Biointerfaces, Characterisation of formulated products, Colloidal Physics, and Formulation Science and Engineering.

### THE VENUE

We have selected ACC as the venue for Colloids 2023. Voted the best UK Conference centre for six years running, ACC is a purpose built convention centre located in the city centre. The exhibition area will be in suite 3 A&B with stunning views of the River Mersey. All the coffee breaks, lunches and poster sessions will be held in the same area, creating an effective networking space.

### IT'S ALL ABOUT THE INTERACTIONS

We invite you to take advantage of UK Colloids 2023 for corporate exposure and marketing opportunities. Exhibitors can showcase services, instruments, books, computer hardware, scientific software, and an array of chromatographic, lab, and safety equipment. This conference is a fantastic opportunity for the

exhibitors and sponsors to **attract, influence, interact** and **network** with attendees, during poster sessions, social events and other meeting activities. Please see the packages list, to choose the best option available for you, and to support, participate and contribute to the success of this exciting event.
